2014 ETC Annual Report of Mid Century Telephone Cooperative
Study Area Code 341054**

Dear Ms. Dortch:

On behalf of Mid Century Telephone Cooperative (“Mid Century”), JSI files the attached confidential and redacted versions of the FCC Form 481 ETC annual reporting information pursuant to sections 54.313 and 54.422 of the Commission’s rules.¹ Mid Century seeks confidential treatment under Protective Order for section 54.313(f)(2) financial information.² The redacted version is also being filed this date via the FCC’s Electronic Comment Filing System. In addition, attached is a letter requesting confidential treatment under Sections 0.457 and 0.459 of the initial section 54.202(a) Five-Year Service Quality Improvement Plan.³

Please direct any questions regarding the filing to the undersigned.

Sincerely,

John Kuykendall

**Re: WC Docket No. 10-90, WC Docket No. 11-42
2014 ETC Annual Report of Mid Century Telephone Cooperative
Study Area Code 341054
Request for Confidentiality**

Dear Ms. Dortch:

John Staurulakis, Inc. (“JSI”), on behalf of its client Mid Century Telephone Cooperative (the “Company”) hereby requests, pursuant to Sections 0.457 and 0.459 of the Commission’s rules,¹ withholding from public inspection certain information contained in an attachment to the above referenced reporting requirement. The Company provides the following in support of its request, numbered consistent with the subparagraphs of Section 0.459(b).²

1. The information for which the Company is seeking confidential treatment is an attachment to the Company’s annual reporting information pursuant to Sections 54.313 and 54.422 of the Commission’s rules (“Report”).³
2. Rate-of-Return Eligible Telecommunications Carriers (“ETCs”) must file with the Commission an initial section 54.202(a) Five-Year Service Quality Improvement Plan (“Five-Year Plan”) which is contained in the attachment to the 2014 Report.⁴
3. The information contained in attachment for which the Company seeks the withholding from public inspection is the entirety of data pertaining to the Company’s Five-Year Plan provided at FCC Form 481 Line 112 attachment. Information of this nature is confidential commercial information routinely withheld from public inspection.

¹ 47 C.F.R. §§ 0.457, 0.459.

² 47 C.F.R. § 0.459(b)(1) through (9).

³ 47 C.F.R. §§ 54.313, 54.422.

⁴ See *In the Matter of Connect America Fund*, WC Docket No. 10-90, Order DA 14-591 (rel. May 1, 2014).

4. With respect to identifying the degree to which the subject attachment concerns a service that is subject to competition, the information is of a financial and competitive nature regarding the provision of telecommunications services. The Line 112 attachment contains competitively sensitive information related to proposed improvements or upgrades and maintenance the Company's network.

In its *March 5, 2013 Order*, the FCC. The FCC specified that for rate-of-return carriers, the five-year plans "should describe the carrier's network improvement plan, which should provide greater visibility into current plans to extend broadband service to unserved locations in rate-of-return service territories."⁵ Accordingly, because the Company is a rate-of-return carrier, it must file a five-year service improvement plan which contains proprietary, competitively sensitive information related to the Company's existing network including the specific locations of customers as well as describe proposed improvements or upgrades and maintenance of its network throughout its service area. Specifically, this information sets forth services provided by the Company over its existing network including specific locations of customers as well as planned network improvement and maintenance for the years 2015 through 2019 including project start and completion dates, population that will be impacted by the improvements and upgrades at the wire center level and projected capital costs associated with the improvements and upgrades and operating costs associated with maintaining the network including depreciation for investments that have already been made. As such, this information contains competitively sensitive information related to the Company's existing network as well as detailed plans at the wire center level for network upgrades and maintenance projected for the years 2015 through 2019.

5. With respect to identifying possible exposure to competitive harm, the information contained in the Line 112 attachment is information that is not customarily released to the public. This information is proprietary to the Company, is unique to the Company's serving territory and is only known to the Company and its authorized agents. If the Information is not protected, it would have economic value to potential competitors who would be able to target their marketing to specific customers. In a competitive telecommunications marketplace, this type of information is highly sensitive. If publicly disclosed, it would enable competitors to craft business plans that capitalize on their knowledge of the locations of the Company's customers which would place the Company at a competitive disadvantage.
6. With respect to steps the Company has taken to ensure against unauthorized disclosure of the information contained in the attachment, the Company is filing the attachment under seal. The Company uses the information contained in the Five-Year Plan to ensure that its customers continue to receive state-of-the-art high quality telecommunications and broadband services that the Company has

⁵ See *Connect America Fund et al.*, WC Docket 10-90 *et al.*, Order, DA 13-332 (rel. Mar. 5, 2013) ("*March 5, 2013 Order*") at para 9 citing Section 54.202(a) (1) (ii).

been providing to them for many years as well as to satisfy mandatory reporting requirements and does not share the information for which protection is sought. The Company protects the secrecy of this information with a security protocol that ensures the information is not inadvertently disclosed or disseminated. Only directors, managers and employees with a direct need to know are authorized to access the information.

7. Any previous versions of this information are not publicly available.
8. Because the information is not routinely available, a need exists for maintaining the confidentiality of this information permanently.
9. Not applicable.

Based on the preceding, JSI respectfully requests on behalf of the Company that the Commission grant confidential treatment under Section 0.459 to Company's Five-Year Plan provided at FCC Form 481 Line 112 attachment.

Please contact the undersigned with any questions regarding this request.

Sincerely,

A handwritten signature in black ink, appearing to read "John Kuykendall". The signature is fluid and cursive, with the first name "John" and last name "Kuykendall" clearly distinguishable.

FIVE YEAR SERVICE QUALITY IMPROVEMENT PLAN

ATTACHMENT REDACTED IN ENTIRETY

Mid Century Telephone Cooperative's demonstration of complying with applicable service quality standards and consumer protection rules for voice and broadband services:

In establishing this certification in its *2005 ETC Order*,¹ the FCC found that an ETC must make “a specific commitment to objective measures to protect consumers.”² The Commission found that for wireless ETCs, compliance with CTIA’s Consumer Code for Wireless Service would satisfy this requirement” and that the sufficiency of other commitments would be considered on a case-by-case basis.³ In this context, the FCC stated, “to the extent a wireline or wireless ETC applicant is subject to consumer protection obligations under state law, compliance with such laws may meet our requirement.”⁴

Mid Century Telephone Cooperative (“Company”) hereby certifies that it is complying with applicable service quality standards and consumer protection rules. The Company is subject to consumer protection obligations under the Illinois Administrative Code (IAC), Title 83: Public Utilities, Chapter I: Illinois Commerce Commission, Subchapter f: Telephone Utilities. These obligations include, but are not limited to, the following: adherence to Illinois state consumer protection requirements governing telephone providers which include Quality of Service rules as identified in IAC Part 730

¹ *Federal-State Joint Board on Universal Service*, CC Docket No. 96-45, Report and Order, FCC 05-46 (rel. Mar. 17, 2005) (“*2005 ETC Order*”).

² *Id.* at para. 28.

³ *Id.* The FCC noted that under the CTIA Consumer Code, wireless carriers agree to: “(1) disclose rates and terms of service to customers; (2) make available maps showing where service is generally available; (3) provide contract terms to customers and confirm changes in service; (4) allow a trial period for new service; (5) provide specific disclosures in advertising; (6) separately identify carrier charges from taxes on billing statements; (7) provide customers the right to terminate service for changes to contract terms; (8) provide ready access to customer service; (9) promptly respond to consumer inquiries and complaints received from government agencies; and (10) abide by policies for protection of consumer privacy.” *Id.* at n. 71.

⁴ *Id.* at n. 72.

and 732, and Compliance with Anti-Slamming and Anti-Cramming Procedures as adopted in Illinois Public Act 90-610 and 97-0822, (3) truth-in-billing requirements pursuant to federal rule and IAC 735.70; and (4) CPNI, Red Flag Rules and other applicable federal and state requirements governing the protection of customers' privacy.

The Company is subject to consumer protection obligations for broadband services under federal law. These obligations include, but are not limited to, the following: public disclosure of accurate information regarding network management practices, performance, and commercial terms of broadband internet access services; as a means of providing sufficient information for consumers to make informed choices regarding use of such services, and for content, application, service and device providers to develop, market, and maintain internet offerings as specified in F.C.C. 47 C.F.R. Part 8 §8.3.

Mid Century Telephone Cooperative's demonstration of ability to function in emergency situations for voice and broadband services:

Mid Century Telephone Cooperative ("Company") hereby certifies that it is able to function in emergency situations as set forth in the Code of Federal Regulations, Title 47, Part 54, Subpart C, §54.202(a)(2)¹ and Title 83, Chapter I, Sub-Chapter f, Section 730.325 of the Illinois Administrative Code. The Company's network is designed to remain functional in emergency situations without an external power source, is able to reroute traffic around damaged facilities, and is capable of managing traffic spikes resulting from emergency situations as required by Section 54.202(a)(2). The Company can change call routing translations as needed to reroute traffic around damaged facilities. Changing call routing translations will also allow the Company to manage traffic spikes throughout its network, as emergency situations require.

Specifically, each central office building is supplied with standby generators and battery back-up that enable the central office to keep running until power is restored so long as fuel is available, or until system changes are made to reroute traffic. In accordance, and compliance, with Title 83, Chapter I, Sub-Chapter f, Section 730.325 (b), all switching offices or equivalent with installed emergency power generating equipment have a minimum of three (3) hours battery capacity; switching offices or equivalent without installed emergency power generating equipment have a minimum battery capacity of five (5) hours.

¹ Section 54.202(a)(2) requires ETCs that are designated by the Commission to "demonstrate its ability to remain functional in emergency situations, including a demonstration that it has a reasonable amount of back-up power to ensure functionality without an external power source, is able to reroute traffic around damaged facilities, and is capable of managing traffic spikes resulting from emergency situations."

The company's standby generators and battery back-up support both voice and broadband network equipment should an emergency situation occur.

Lifeline and UTSAP Assistance

Lifeline and UTSAP are government programs that make telephone service more affordable for eligible, low-income households.

What is Lifeline?

Lifeline is a federal program that provides a monthly reduction of \$9.25 on local telephone service to eligible households. If the eligible consumer voluntarily elects toll-blocking while initiating Lifeline service, a deposit is not required.

What is UTSAP?

The Universal Telephone Service Assistance Program is a program that helps pay the installation charge for telephone service. The UTSAP is funded through voluntary contributions from Illinois customers.

Who is eligible?

To be eligible for the program, you, your dependent, or your household must participate in one of the following programs:

- Medicaid

- Supplemental Nutrition Assistance Program (SNAP), formerly Food Stamps
- Temporary Assistance for Needy Families (TANF)
- Supplemental Security Income (SSI)
- Federal Public Housing Assistance or Section 8
- Low Income Home Energy Assistance Program (LIHEAP)
- National School Lunch Program's Free Lunch Program

Customers may also qualify for Lifeline if their total household income does not exceed 135% of the Federal Poverty Guidelines.

Proof of program eligibility is required upon enrollment but will not be kept or stored by Mid Century.

A Lifeline subscriber must re-certify their eligibility annually with Mid Century to ensure continuation of Lifeline benefits. Subscribers who are no longer eligible for Lifeline benefits must notify Mid Century.

Are there restrictions?

The Lifeline and UTSAP programs are limited to one primary wireline or wireless telephone per low-income household. Lifeline is non-transferable. Subscribers willfully making false statements in order to obtain these benefits can be punished by fine or imprisonment or can be barred from the program.

How can I apply for the Lifeline and UTSAP Programs?

To enroll in Lifeline, please call Mid Century Telephone Cooperative at 309-778-8611 or visit the business office at 285 Mid Century Lane, Fairview, Illinois.
